

*The Swedish Association for Philosophy and Psychiatry (SFFP)  
proudly announces an international conference:*

## *Philosophy, Phenomenology and Psychiatry*

*November 15-16, 2003  
Göteborg University, Göteborg, Sweden*

This conference will investigate issues of common interest to philosophers and psychiatrists. It will have a special emphasis on the phenomenological tradition in philosophy and its importance for present-day psychiatry.

*Keynote speaker: Thomas Fuchs, Heidelberg*

Researchers from philosophy, psychiatry, psychology and related disciplines are encouraged to contribute with presentations. Although the main focus will be the relevance of phenomenology for psychiatry, presentations on issues within the philosophy of psychiatry but not belonging to this main topic are also welcome. The deadline for abstracts is August 1.

The conference fee is SEK 400 before August 1, and SEK 600 for later registration. Students pay half of this.
